AUTUMN ISSUE 2026

Charity #: 20203936

EDITORIAL

Welcome Everybody! Our end of year 'Get Together'. Very special 'Thank You' to all who have supported us this year. Nothing sadly changes in the world of Dogs and Cats. Our overall numbers are as high as any other year. But the good news is there has never been a time of so much publicity re Responsible Pet Ownership, so we continue with hope into 2027.
Enjoy the day…!

Why Have a Dog or Cat?

Please ask yourself the above question. At present too many dogs and cats are 'dumped' found wandering, starving, often tied up in remote places. What a horrible word 'dumping' is!! It sounds like a sackful of waste material. To own a dog or cat is to invite into your life a vibrant, intelligent, happy, optimistic, live in the moment spirit. This can change your life in a positive way. If this is too much for you, then please leave dogs and cats alone.

HALLOWEEN!! BE WARNED!!

Fearful time for Dogs and Cats. Fireworks, Bonfires, Mischief Makers!!
Know where your animals are at all times
Keep dogs/cats indoors all evening
Lots of tender loving care/ reassurance. Distract by playing with toys. Play music to drown out fireworks
Close all windows and doors
Do not leave all animals in one room together
Left outside, dogs/cats on sound of loud bangs, will run… sometimes for miles
Take responsibility.

INCREDIBLE STORY

The dog above is a hero in Venezuela for all the search and rescue there. The picture on the left is of him when he was rescued after being very badly abused. And then his remarkable transformation in loving care. He carries no baggage from his former life at so called human hands; instead, he becomes a force for good. Every rescue dog deserves a chance...

TAKE ME HOME

Both dogs Milo and Meg are beautiful and ready for their new forever home.

Meg is a lovely, friendly 2-year-old female collie looking for her forever home!
She is not a working collie and is super keen to settle into life as a cherished family pet. Meg is fantastic with young people, already doing well on the lead, and working on her recall. She'd make the absolute perfect companion for anyone who loves getting out for walks and enjoying the countryside! Fully microchipped & Vaccinated
Friendly, gentle and eager to please
A loyal walking buddy
Please call 087-9616586

Milo He is about three, vaccinated, microchipped, neutered. Life has not been kind to Milo. He needs an experienced owner, no other dogs, children or cats and he will flourish. We think he'd make a great companion to someone who is prepared to spend time with him and grow to understand each other. He deserves better. Please call 087-9616586
